

# Broadband Internet available today in Ickford.

## Wireless Broadband

We use a simple, low-power radio affixed to your premises:

- you do not need a phone line
- service is fast & "always-on"
- over 20X faster than a modem

Our domestic tariff offers a competitive, fast service:

Installation is £192 + sundries

Monthly charge: £27

- Service is flat rate, no per-byte charges
- Current speed 2 Meg (4X faster than BT Broadband)
- Public IP addresses available

WISP Broadband is a local community broadband group.
